Impact Evaluation in Practice, Second Edition Paul J. Gertler 2016-09-12 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

The Basics of American Politics Gary Wasserman 1976

Democracy in America Alexis de Tocqueville 1963 The complete edition based on the revised and corrected text of the 1961 French edition Originally penned in the mid-eighteenth century by Frenchman Alexis de Tocqueville, Democracy in America remains the most penetrating and astute picture of American life, politics, and morals ever written, as relevant today as when it first appeared in print nearly two hundred years ago. This edition, meticulously edited by the distinguished de Tocqueville scholar J. P. Mayer, is widely recognized as the preeminent translation.

American Government James Q. Wilson 2005-09 Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, American Government sets the standard for public policy coverage while maintaining focus on three fundamental topics: the institutions of American government; the historical development of governmental procedures, actors, and policies; and who governs in the United States and to what end. Proven pedagogical features involve students in the material , including chapter outlines, suggested web links for research, and How Things Work boxes that summarize basic information and important facts. Components of the media package include web resources such as primary source documents, election ads, audio clips, and interactive activities. Most of the features include related pedagogy or critical-thinking questions. Chapter pedagogy that encourages critical thinking includes Who governs? And to What Ends? questions that open each chapter to engage students in the material, and Reconsidering Who Governs and Reconsidering to What Ends at the close of the chapter to emphasize the complexity of the questions. Landmark Cases features identify influential Supreme Court decisions in areas such as affirmative action, the media, and foreign affairs. What Would You Do? boxes in relevant chapters help students act as decision makers by presenting them with a realistic domestic policy issue, which they can consider in a paper or class discussion.

The Paranoid Style in American Politics, and Other Essays Richard Hofstadter 2008 Imparting an invaluable perspective on contemporary domestic affairs, a classic work of political theory examines the competing forces in American political discourse and how fringe groups can influence--and derail--the larger agendas of a political party. Reprint. 12,500 first printing.

United States Code United States 2013 "The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.

Preliminary Program American Political Science Association 1978 Issues for the 36th-37th annual meetings, 1940-41 include the Annual meeting of the American Society for Public Administration, 2d-3d; 1940-41.

A Conservative's Treatise on American Government Eric Hines 2012-06-28 A Conservative’s Treatise on American Government brings with the meaning of the Constitution’s core, which holds the keys to successful republican governance. The book then describes their distortion by the Federal government’s three branches, followed by one modern Conservative’s view of the corrections needed to return our government to working for is, instead of on us. Finally, the book is a clarion call for all Americans to confirm the realignment elections of 2010 in 2012 and beyond. The author finishes with this challenge from Leonidas to one who demand he lay down the implements of Greek freedom: “Come and take them.”

How America Lost Its Mind Thomas E. Patterson 2019-10-03 Americans are losing touch with reality. On virtually every issue, from climate change to immigration, tens of millions of Americans have opinions and beliefs wildly at odds with fact, rendering them unable to think sensibly about politics. In *How America Lost Its Mind*, Thomas E. Patterson explains the rise of a world of “alternative facts” and the slow-motion cultural and political calamity unfolding around us. We don’t have to search far for the forces that are misleading us and tearing us apart: politicians for whom division is a strategy; talk show hosts who have made an industry of outrage; news outlets that wield conflict as a marketing tool; and partisan organizations and foreign agents who spew disinformation to advance a cause, make a buck, or simply amuse themselves. The consequences are severe. How America Lost Its Mind maps a political landscape convulsed with distrust, gridlock, brinksmanship, petty feuding, and deceptive messaging. As dire as this picture is, and as unlikely as immediate relief might be, Patterson sees a way forward and underscores its urgency. A call to action, his book encourages us to wrest institutional power from ideologues and disruptors and entrust it to sensible citizens and leaders, to restore our commitment to mutual tolerance and restraint, to cleanse the Internet of fake news and disinformation, and to demand a steady supply of trustworthy and relevant information from our news sources. As philosopher Hannah Arendt wrote decades ago, the rise of demagogues is abetted by “people for whom the distinction between fact and fiction, true and false, no longer exists.” In *How America Lost Its Mind*, Thomas E. Patterson makes a passionate case for fully and fiercely engaging on the side of truth and mutual respect in our present arms race between fact and fake, unity and division, civility and incivility.

Understanding American Politics, Second Edition Stephen Brooks 2013-05-06 Understanding American Politics provides a unique introduction to the contemporary political landscape of the United States by using as its core organizing feature the idea of "American exceptionalism," a concept that is at least as old as Tocqueville's study of American democracy. The second edition of Understanding American Politics maintains the unique strengths of the first edition while offering improved coverage of political institutions. A single omnibus chapter on institutions has been reorganized and split into three separate chapters on Congress, the presidency, and the courts. A new chapter on public opinion has also been included, and the chapter on religion and politics has been completely rewritten with a deeper appreciation of religion's influential role. The book has been revised throughout, taking into account the dramatic changes that have emerged since the 2010 congressional elections and the 2012 presidential election. The text also pays close attention to what is seen as the irreversible decline in America's global influence. Visit www.utpamericanpolitics.com for additional resources.

American Government Glen Krutz 2016-07-14 "Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of

American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website.

American Government Glen Krutz 2017-12-30 American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The Federalist Papers Alexander Hamilton 2018-08-20 Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Political Science Michael G. Roskin 2015-06-12 Explains the basics of political science Political Science: An Introduction, 13/e, provides a comprehensive and jargon-free introduction to the field’s basic concepts and themes. It draws examples from the U.S. and other countries to introduce the entire field of political science to new readers. The authors stress how exciting politics can be, balancing practical and theoretical knowledge. MyPoliSciLab is an integral part of the Roskin/Cord/Medeiros/Jones program. Activities and videos help readers engage in the material and retain its main points. Readers can watch videos that explore the key topics of politics and participate in simulations that allow them to experience politics firsthand. Assessment in MyPoliSciLab helps gauge readers’ progress.

End of History and the Last Man Francis Fukuyama 2006-03-01 Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate. Francis Fukuyama’s prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, The End of History and the Last Man is a modern classic.

Essentials of Abnormal Psychology V. Mark Durand 2018-01-01 Fully integrating the DSM-5, Durand, Barlow, and Hofmann describe abnormal psychology through their standard-setting integrative approach -- the most modern, scientifically valid method for studying the subject. Through this approach, students learn that psychological disorders are rarely caused by a single influence, but rooted in the interaction among multiple factors: biological, psychological, cultural, social, familial, and even political. A conversational writing style, consistent pedagogy, and real case profiles provide a realistic context for the scientific findings. This eighth edition highlights groundbreaking updates to research findings and the latest innovations in the treatment of mental disorders. Women and Elective Office Sue Thomas 2014-01-02 This edition of Women and Elective Office offers the latest research on women as candidates and officeholders. It provides a comprehensive look at the history and status of women in elective office, their prospects for the future, and why women in elected office matter to American democracy. It features all-new essays and up-to-the-minute research by leading experts in the field, including the latest political trends and events such as Hillary Rodham Clinton's run for the presidency, women's representation on the state and local level, the diversity of women officeholders' experiences and circumstances, and female judges. Women and Elective Office is an essential guide to understanding the past, present, and future of women in all echelons of government.

Guyton and Hall Textbook of Medical Physiology E-Book John E. Hall 2020-06-13 Known for its clear presentation style, single-author voice, and focus on content most relevant to clinical and pre-clinical students, Guyton and Hall Textbook of Medical Physiology, 14th Edition, employs a distinctive format to ensure maximum learning and retention of complex concepts. A larger font size emphasizes core information, while supporting information, including clinical examples, are detailed in smaller font and highlighted in pale blue – making it easy to quickly skim the essential text or pursue more in-depth study. This two-tone approach, along with other outstanding features, makes this bestselling text a favorite of students worldwide. Offers a clinically oriented perspective written with the clinical and preclinical student in mind, bridging basic physiology with pathophysiology. Focuses on core material and how the body maintains homeostasis to remain healthy, emphasizing the important principles that will aid in later clinical decision making. Presents information in short chapters using a concise, readable voice that facilitates learning and retention. Contains more than 1,200 full-color drawings and diagrams – all carefully crafted to make physiology easier to understand. Features expanded clinical coverage including obesity, metabolic and cardiovascular disorders, Alzheimer’s disease, and other degenerative diseases. Includes online access to interactive figures, new audio of heart sounds, animations, self-assessment questions, and more. Evolve Instructor site with an image and test bank is available to instructors through their Elsevier sales rep or via request at https://evolve.elsevier.com.

American Government Theodore J. Lowi 2009 Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton’s other readers in American government, The Enduring Debate and Faultlines. o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New ‘Analyzing the Evidence’ units use bold graphics to show students ‘how we know what we know’ about certain political phenomena. ‘Core of the Analysis’ boxes on the first page of every chapter preview the chapter’s analysis. ‘In Brief’ boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. ‘Key Terms’ are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new ‘Analyzing the Evidence’ units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor’s Manual.
