Criminal Justice Today Frank Schmalleger

2016-01-05 The gold standard for introductory criminal justice texts. Best-selling and time-tested, *Criminal Justice Today: An Introductory Text for the 21st Century*, continues to lead the field as the gold-standard for introductory criminal justice texts. Its comprehensive coverage focuses on the crime picture in America and on the three traditional elements of the criminal justice system: police, courts, and corrections. Building upon the theme of individual freedom versus personal security, it challenges students to evaluate the strengths and weaknesses of the American justice system as it adapts to the needs of a complex and rapidly changing society. An instructor and student favorite, the Fourteenth Edition continues its tradition of thorough analysis of today's issues in an easy-to-read format. *Criminal Justice Today, 14/e* is also available via REVEL(tm), an interactive learning environment that enables students to read, practice, and study

in one continuous experience. Learn more.

Criminology: Theories, Patterns and Typologies

Larry J. Siegel 2016-10-04 The bestselling text on the market -- now in its thirteenth edition -- *CRIMINOLOGY: THEORIES, PATTERNS, AND TYPOLOGIES* delivers the most comprehensive, in-depth analysis of criminological theory and crime typologies available. In addition to its unparalleled breadth and depth of coverage, the text is unrivaled in its strong research base and currency. The chapters in Part Three (Crime Typologies) cover some of the hottest issues in the field today: ISIL and terrorism, mass shootings, green crime, transnational crime, and cybercrime. Packed with real-world illustrations, the thirteenth edition is completely updated and includes cutting-edge seminal research, up-to-the-minute policy, newsworthy examples, and hundreds of new references. Renowned for his unbiased presentation of theories, issues, and controversies, Dr. Siegel encourages students to weigh the evidence and form their own conclusions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Deviant Security Practices of Cyber Crime

Erik H.A. van de Sandt 2021-08-09 This is the first book to present a full, socio-technical-legal picture on the security practices of cyber criminals, based on confidential police sources

related to some of the world's most serious and organized criminals.

Crime Control Policy: Oxford Bibliographies Online Research Guide Oxford University Press

2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs.

Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice

of criminology. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

The Penal System Michael Cavadino 2019-12-02

Now in its Sixth Edition, this remains the most comprehensive and authoritative book on the penal system, providing students with an incisive, critical account of the punitive, managerial and humanitarian approaches to criminal justice. Fully updated to cover the most recent changes in the Criminal Justice System, the new edition: Outlines contemporary policy debates on sentencing, staffing, youth custody and overcrowding.

Explores growing inequalities in the criminal justice system including issues of race, religion, gender and sexuality, with new content on faith, and transgender prisoners. Considers the impact of privatisation on the probation service.

Discusses the most recent debates around the parole process, including high-profile cases and attempts at reform. The book is supported by online resources for lecturers and students, including chapter PowerPoints, sample syllabus, summaries of key legislative acts and bills, official reports, a list of recommended further reading for each chapter, and links to important Penal Agencies and Organisations, Law Reform Organisations, and other useful academic sites. Essential reading for students of criminal justice and criminology, studying penology, punishments

and the penal system.

Canadian Criminology Today Frank Schmalleger

2006

Criminology Steve E. Barkan 2014 Taking a

sociological perspective, this book offers award-winning coverage of criminology and highlights

issues of race, ethnicity, gender and social class

throughout. **Criminology: A Sociological**

Understanding, 6e, provides a sociological

perspective on crime and criminal justice by

treating social structure and social inequality as

central themes in the study of crime--and major

factors in society's treatment of criminals. It gives

explicit attention to key sociological concepts

such as poverty, gender, race, and ethnicity, and

demonstrates their influence on crime. Moving

beyond simple "get tough" approaches, the book

emphasizes the need to understand social causes

of criminal behavior in order to significantly

reduce it. This sixth edition continues to include

certain chapters that remain uncommon in other

criminology texts, including Chapter 2: Public

Opinion, the News Media, and the Crime

Problem; Chapter 11: Violence Against Women;

Chapter 14: Political Crime; and Chapter 18:

Conclusion: How Can We Reduce Crime? In

addition, the book's criminal justice chapters,

Chapter 16 (Policing: Dilemmas of Crime Control

in a Democratic Society) and Chapter 17

(Prosecution and Punishment), continue to

address two central themes in the sociological

understanding of crime and criminal justice: (1)

the degree to which race and ethnicity, gender,

and social class affect the operation of the

criminal justice system; and (2) the extent to

which reliance on the criminal justice system can

reduce the amount of crime. Throughout the text,

key concepts are supported with a

comprehensive package of pedagogical material

and teaching/learning aids. Teaching and

Learning Experience This book offers a unique

sociological introduction to the field of

criminology. It provides: A unique sociological

perspective: Emphasizes the need to understand

social causes of criminal behavior in order to

significantly reduce it Award-winning coverage:

Features topics not covered in other introductory

criminology texts Strong pedagogical features:

Gives students the tools to master key concepts

faster and more effectively while making class

preparation quick and easy for instructors

Revel for Criminology Today Frank Schmalleger

2018-07-25 For courses in criminology. A

thorough, student-friendly introduction to

criminology With a hallmark theme of social

problems versus individual responsibility,

Revel(TM) Criminology Today: An Integrative

Introduction prompts students to think critically

about the causes of crime and the link between

crime theories and policies. Real-life stories and

up-to-date issues and examples bring to life both

historical and modern criminological approaches.

The 9th edition provides more coverage of terrorism and cyberterrorism, including an overview of the many types of terrorist groups and the findings and recommendations of special committees and government bodies. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook.

NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Criminal Law Directions Nicola Monaghan 2012-05-03 Criminal Law Directions is written in an engaging and lively manner with an emphasis on explaining the key principles of Criminal Law with clarity. The book includes helpful learning features to guide students through the material in an interesting and informative way.

Crime Online Yvonne Jewkes 2013-06-17 This text provides an account and an analysis of key issues within the field of cybercrime. It focuses on different constructions and manifestations of cybercrime and diverse responses to its

regulation.

Criminal Justice Frank Schmalleger 2017-01-09

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in Introduction to Criminal Justice The gold standard for criminal justice texts Criminal Justice: A Brief Introduction, Twelfth Edition, offers a contemporary, authoritative look at crime in America with a focus on police, courts, and corrections. To make information resonate with students, Schmalleger asks readers to consider the balance between freedom and security issues and evaluate the strengths and weaknesses of the American justice system as it adapts to cultural, political, and societal changes. A wealth of Internet resources along with author tweets (@schmalleger) extends chapter material and provides up-to-the minute information on this ever-evolving field. Its unifying theme, unmatched timeliness, and coverage of trends and technology make this text the standard by which all other brief texts are judged. Criminal Justice, Twelfth Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Juvenile Justice Kären M. Hess 2012-04-16 A highly accessible, student-friendly text, JUVENILE JUSTICE, Sixth Edition, offers a practical and

comprehensive look at the juvenile justice system. The text explores various programs and processes that exist in today's field, including prevention efforts through school and community-based programs. The Sixth edition features a prestigious new coauthor--John Paul Wright from the University of Cincinnati--and provides a new emphasis on evidence-based practice and other cutting-edge issues such as cyberbullying, school violence, female delinquency, and more.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

EBOOK: The Good Research Guide: For Small-Scale Social Research Projects Martyn

Denscombe 2017-06-16 This bestselling introductory book offers practical and straightforward guidance on the basics of social research, ideal for anyone who needs to conduct small-scale research projects as part of their undergraduate, postgraduate or professional studies. The book provides:

- A clear, straightforward introduction to data collection methods and data analysis
- Jargon-free coverage of the key issues
- Checklists to guide good practice

The sixth edition has been extensively updated and includes features such as:

- A new chapter on the Life Course Perspective
- A new chapter on Literature Reviews
- New material on the Delphi Technique
- An updated and expanded chapter on the

analysis of Quantitative Data

- New examples and illustrations throughout

The Good Research Guide, 6th edition is a valuable resource for anyone conducting social research including those in applied areas such as business studies, health studies, nursing, education, social work, policy studies, marketing, media studies and criminology. "Denscombe's The Good Research Guide, now in its 6th edition, continues to be one of the leading books in the field. It covers the topics a student or practitioner doing a research project needs to know from project design, theoretical underpinnings of research, data collection and analysis to writing up your research. Its accessible and practical approach means that it is an excellent resource for those new to undertaking independent research." Liam Foster, Senior Lecturer in Social Policy and Social Work, Sheffield University, UK "Martyn Denscombe's text continues to remain core reading for those undertaking small pieces of research and those who need to gain a firm grounding in the principles of research theory and practice. From deciding on a research approach to the process of writing up, this finely balanced edition offers a comprehensive and detailed guide to the research cycle. Pragmatic, and with the needs of the researcher always in mind, it makes social science research accessible, undaunting, and, what's more, a completely possible, stimulating, and enjoyable endeavour." Yunis

Alam, Faculty of Social Sciences, University of Bradford, UK "The Good Research Guide provides a comprehensive view of the complex strategies and approaches of conducting social research, explained in simple terms. Relevant examples and check lists provided in each section not only helps to gain better understanding but also reflect on one's own research. This book has tremendously helped me to gain knowledge and understanding of complex research strategies. It will provide clear guidance and direction for students and researchers in their research journey to achieve success." Deborah Ebenezer, Research Student "I think the book has a very good précis of areas relevant to the title. It outlines very well in a logical order the elements pertinent to 'social research'. Each chapter is relatively comprehensive and deals with subject material that is important, in a language that is accessible throughout. It does what it says on the tin and provides practical information and guidance as a 'how to' text' for those needing help with this type of research project. In particular I think the checklists are an excellent chapter ending to help plan and bring into sharp focus what is needed for any particular approach. The within chapter examples are excellent and help to further inform the reader what the author is trying to convey. Chapter links help further embed concepts and show how the various research elements may be associated.

Overall an excellent introductory text that embodies a no-nonsense approach to a subject that can be at times complex. By breaking down topic areas and giving simple examples the subject is eminently accessible to the reader. Well done!" Stephen Pearson, Senior Lecturer in Human and Applied Physiology, School of Health Sciences, University of Salford, UK "This new edition provides comprehensive guidance to those undertaking small-scale social research projects including dissertations in business and management and the social sciences and I would recommend its use for all those new to research and also to refresh the thinking of those with prior research experience. Part 1 addresses a range of strategies for social research including surveys, sampling, case studies, experiments, ethnography, the life course perspective, grounded theory, action research, phenomenology, systematic review and mixed methods. There are few texts which address research strategies in such a comprehensive manner. The text develops in Part 2 by providing clear guidance on the selection and use of appropriate methods of data collection such as questionnaires, interviews, observation and documentary analysis, taking into account the aims and objective of the research project. Part 4 considers both quantitative and qualitative data analysis with Part 4 providing essential information on research ethics, the reporting of

research and on the conduct and presentation of the literature review essential to all research projects. I have no hesitation in commending this text for use by undergraduate and post-graduate students as well as those undertaking research projects independent of an academic programme." Dr. Bobby Mackie, Senior Lecturer, School of Business and Enterprise, University of the West of Scotland, UK

Defendant Rights Hamid R. Kusha 2004 A unique handbook comparing defendant rights in legal traditions around the world in light of fast-changing developments in U.S. law since September 11, 2001, and the USA PATRIOT Act.

Criminology Piers Beirne 1995 This comprehensive text introduces the basic aspects of modern criminology, emphasizing the importance of historical, feminist, and comparative perspectives on crime and offering a critical sociological perspective on the relationship between crime and structured social inequality. The authors explore what crime is and why it occurs by examining the four major forms of social inequality in the U.S.--class, gender, race, and age--and their influence on patterns of crime and victimization.

Criminology Today Frank Schmalleger 2018-01-23 For courses in criminology. A thorough, student-friendly introduction to criminology With a hallmark theme of social problems versus individual responsibility, *Criminology Today: An*

Integrative Introduction prompts students to think critically about the causes of crime and the link between crime theories and policies. Real-life stories and up-to-date issues and examples bring to life both historical and modern criminological approaches. a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

The Psychology of Criminal Conduct D.A. Andrews 2014-09-19 *The Psychology of Criminal Conduct*, Fifth Edition, discusses the psychology of criminal behavior, drawing upon general personality, as well as cognitive-behavioral and cognitive social learning perspectives. The book consists of 15 chapters, which are organized into four sections. Part 1 provides an overview of theoretical context and major knowledge base of the psychology of criminal conduct. Part 2 discusses the eight major risk/need factors of criminal conduct. Part 3 examines the prediction and classification of criminal behavior, along with prevention and rehabilitation. Part 4 summarizes the major issues in understanding criminal conduct. In addition to senior undergraduate students, graduate students, and professionals in psychology, this book may be helpful to students and practitioners in the fields of social work, sociology, education, health, youth and family studies, criminology, and youth and adult justice. The book is also accessible to members of the general public who are interested in understanding antisocial behavior. Resource

notes throughout explain important concepts. Technical notes at the back of the book allow the advanced student to explore complex research without distracting readers from the main points. An acronym index is also provided.

Criminology Gennaro F. Vito 2006 Across America, crime is a consistent public concern. The authors have produced a comprehensive work on major criminological theories, combining classical criminology with new topics, such as Internet crime and terrorism. The text also focuses on how criminology shapes public policy.

Criminology Revel Access Card Frank Schmalleger 2019-06-10 For courses in criminology. Brief. Affordable. Visual. The Practice of Research in Criminology and Criminal Justice Ronet D. Bachman 2018-12-20 The Practice of Research in Criminology and Criminal Justice, Seventh Edition demonstrates the vital role research plays in criminology and criminal justice by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K. Schutt equip students to critically evaluate and confidently conduct research. The Seventh Edition of this best-selling text retains the strengths of previous editions while breaking ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. This edition incorporates new topics like intelligence-led policing, social network analysis (SNA), the evolution of cybercrime, and more. Students engage with the wide realm of

research methods available to them, delve deeper into topics relevant to their field of study, and benefit from the wide variety of new exercises to help them practice as they learn.

Criminal Law Today Frank Schmalleger

2014-08-06 Bringing criminal law to life. Criminal Law Today, Fifth Edition, brings criminal law to life by relating it to real stories from today's headlines. The text's approach is strongly influenced by the belief that the law has always been, and remains, a vital policy-making tool. As a topic for study and discussion, the nature and life of the law is more important today than ever before. The text highlights the challenges that face the law as it continues to adapt to the needs of a complex and rapidly changing society and features a balanced text/casebook approach that provides a lively introduction to criminal law. Effective in-text learning tools give students the resources they need to master the material presented in the text. MyCJLab was designed to meet the needs of today's instructors and students. MyCJLab provides instructors with a rich and flexible set of course materials, along with course management tools that make it easy to deliver all or a portion of your course online. MyCJLab provides students with a personalized interactive learning environment, where they can learn at their own pace and measure their progress.

Crime & Criminology Rob White 2017-05-26

Crime and Criminology is an introduction to the causes of crime. The sixth edition explores the key theories to try and explain criminal behaviour in society, providing students with the opportunity to evaluate how criminologists employ these theories in their analysis of criminological issues.

This sixth edition has been thoroughly updated to include new examples and expand on the new directions in crime and criminology. The book includes learning features designed to engage students in theory and current criminological research by demonstrating how theory can be placed into a modern context or used to frame research. It will provide learning pathways beyond the theory, providing students with the skills to understand their own theoretical perspective and understand the social context, history and concepts behind criminological theory. New to this edition Significant revision to key chapters:

Expanded coverage of biocriminological and psychological positivism Chapter 7: Feminist Perspectives Chapter 8: Realistic Approaches Chapter 9: Republican Theory and Restorative Justice A new chapter on Cultural and Postmodern Criminology.

Murder City Michael Arntfield 2015-06-09 Like the mythic cities of Gotham or Gomorrah, London, Ontario was for many years an unrivalled breeding ground of depravity and villainy, the difference being that its monsters were all too real. In its coming to inherit the unwanted

distinction of being the serial killer capital of not just Canada—but apparently also the world during this dark age in the city’s sordid history— the crimes seen in London over this quarter-century period remain unparalleled and for the most part unsolved. From the earliest documented case of homicidal copycatting in Canada, to the fact that at any given time up to six serial killers were operating at once in the deceptively serene “Forest City,” London was once a place that on the surface presented a veneer of normality when beneath that surface dark things would whisper and stir. Through it all, a lone detective would go on to spend the rest of his life fighting against impossible odds to protect the city against a tidal wave of violence that few ever saw coming, and which to this day even fewer choose to remember. With his death in 2011, he took these demons to his grave with him but with a twist—a time capsule hidden in his basement, and which he intended to one day be opened. Contained inside: a secret cache of his diaries, reports, photographs, and hunches that might allow a new generation of sleuths to pick up where he left off, carry on his fight, and ultimately bring the killers to justice—killers that in many cases are still out there. *Murder City* is an explosive book over fifty years in the making, and is the history of London, Ontario as never told before. Stranger than fiction, tragic, ironic, horrifying, yet also inspiring, this is the true story of one city under siege, and

a book that marks a game changer for the true crime genre.

Criminology: Theory, Research, and Policy

Gennaro F. Vito 2011-09-29 Ideal for allied health and pre-nursing students, *Alcamos Fundamentals of Microbiology, Body Systems Edition*, retains the engaging, student-friendly style and active learning approach for which award-winning author and educator Jeffrey Pommerville is known. It presents diseases, complete with new content on recent discoveries, in a manner that is directly applicable to students and organized by body system. A captivating art program, learning design format, and numerous case studies draw students into the text and make them eager to learn more about the fascinating world of microbiology.

Crime & Criminology Robert Douglas White

2008-09-25 This first Canadian edition of *Crime and Criminology: An Introduction* combines Canadian empirical research, policy, and legal issues to create a thoroughly Canadian text. Ideal for university and college students enrolled in introductory criminological theory courses, the book offers a solid foundation to criminology which unites traditional theories of crime with contemporary approaches and perspectives. By relating theory to everyday Canadian examples and events, students gain a solid grounding in the major theoretical considerations of the nature and causes of criminal behaviour. New discussion on

ecology and environmental theories are unique to this edition. Updated references reflect recent research in emerging fields of criminology.

Handbook of Asian Criminology Jianhong Liu

2012-12-09 The Handbook of Asian Criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general, and the Asian region in particular. Contextualization is a key theme in this book. The role of context is often underemphasized in international criminology, so the Handbook of Asian Criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them will play a key role throughout the work. Attention will be given to country- and region specific attitudes towards crime and punishment.

Criminal Justice Today Frank Schmalleger 2001

For Introduction to Criminal Justice, Administration of Justice, and Criminal Justice courses at the freshman/sophomore/junior undergraduate levels. This text strives to teach criminal justice students the fundamental tried-and-true concepts of an evolving discipline, give them the critical thinking skills necessary to effectively apply those concepts to the real-world, and to apply those concepts and skills to today's problems and emerging issues of tomorrow. The Sixth Edition offers a stellar multimedia package with the text, including a Companion Website; a

"Cybrary" providing thousands of current Websites to facilitate research, writing, and learning; and online teaching options such as WebCT. The #1 best-selling book for introduction to criminal justice!

Criminal Justice Today Schmalleger 2002-07

Critical Criminology Today Vincenzo Ruggiero

2021-08-09 What survives of the notions, principles and values of critical criminology? Faced with contexts that could not be more dramatically different to those fostering critical approaches to crime and its control, what is left of the radical theories and practical initiatives that characterized it in the 1970s? This book argues that critical criminology today can be reimagined if new concepts are elaborated, which bring academic efforts close to the practices of social movements. Building on an original collection of anti-hegemonic essays focused on specific criminological areas, including femicide, organized crime, drug use, punishment, state-corporate terrorism and financial crime, this book identifies the radical potential inherent in the choice of areas, topics and variables that critical criminologists can address today. In discussing concepts of distance, power, mercy and troublemaking, this book considers the relationship between critical criminology, social justice and activism. An accessible and compelling read, this book will appeal to all those engaged with critical criminology, sociology and

cultural studies.

Canadian Criminal Justice Today Frank

Schmallegger 2000

Criminology (Justice Series) Frank Schmallegger

2017-01-09 This is the eBook of the printed book

and may not include any media, website access

codes, or print supplements that may come

packaged with the bound book. For courses in

Criminology Brief. Affordable. Visual. Criminology

provides an affordable, thought-provoking look at

criminology that uses clear writing and eye-

catching visuals to get your students straight to

the important concepts. By focusing on the core

concepts, students will gain true understanding of

the material, without becoming overwhelmed with

unnecessary information. The book's

conversation-starting pedagogy encourages active

Criminology: The Core Larry J. Siegel 2016-02-01

It's no mystery why Larry Siegel remains THE best-selling author in Criminal Justice. Professor

Siegel is known for presenting real-life stories of

crime, criminals, and the hottest debates in the

field, and CRIMINOLOGY: THE CORE, Sixth

Edition, does not disappoint. Clear, engaging, and

completely current, this four-color paperback is

also concise and affordable. The text effectively

uses real-world material to clarify concepts and

theories, equipping students with a solid

foundation in modern criminology. Grounded in

Siegel's signature style -- cutting-edge theory plus

meticulous research -- this book covers all sides

of an issue without taking a political or theoretical

position and provides a broad view of the

interdisciplinary nature of the field. This edition

includes the latest insights into political crime;

terrorism (e.g., ISIS, lone wolves; white-collar,

blue-collar, and green-collar crime; cyber crime;

transnational crime (e.g. sex-trafficking); and

many other topics. Important Notice: Media

approaching this subject for the first time. The

contributors are well known research active

academics in Australia who contribute to the

criminological debate at national and international level. Fully revised and updated, this 5th edition offers a comprehensive guide in criminal justice and criminology that is well suited to a dual-semester approach. It covers a wide range of topics including: different forms of crimes .. from street crime to state crime and international crimes; who commits crimes and who are the victims of crimes; and how society responds to crime. This book offers a balance between critical and administrative criminological traditions to add to the discourse of crime and justice in the twenty-first century.

Introductory Criminology Marcus Felson

2017-12-04 Introductory Criminology: The Study of Risky Situations takes a unique and intuitive approach to teaching and learning criminology.

Avoiding the fragmentation of ideas commonly found in criminology textbooks, Marcus Felson and Mary A. Eckert develop a more practical, readable structure that engages the reader and enhances their understanding of the material.

Their descriptive categories, simultaneously broad and realistic, serve better than the usual philosophical categories, such as "positivism" and "classicalism," to stimulate students' interest and critical thinking. Short chapters, each broken into 5–7 sections, describe situations in which crime is most likely to happen, and explain why they are risky and what society can and can't do about crime. They create a framework to organize ideas

and facts, and then link these categories to the leading theories developed by criminologists over the last 100 years. With this narrative to guide them, students remember the material beyond the final exam. This fresh new text was created by two professors to address the main points they encounter in teaching their own criminology courses. Problems solved include: reluctant readers, aversion to abstract thinking, fear of theory, and boredom with laundry lists of disconnected ideas. Felson, a leader in criminology theory with a global reputation for innovative thinking, and Eckert, an experienced criminal justice researcher, are uniquely qualified to reframe criminology in a unified arc. By design, they offer abstractions that are useful and not overbearing; their prose is readable, and their concepts are easy to comprehend and remember. This new textbook challenges instructors to re-engage with theory and present the essence of criminological thought for adult learners, coaching students to grasp the concept before any label is attached and allowing them to emerge with deeper understanding of what each theory means and offers. Lean, with no filler or fluff like stock photos, Introductory Criminology includes the authors' graphics to crystallize and expand concepts from the text.
