Michael Palin's Hemingway Adventure

Michael Palin 2010-05-27 A winning combination of No.1 travel writer Michael Palin and one of the great literary figures of the century. When Michael Palin was researching for his novel HEMINGWAY'S CHAIR his interest was stimulated

by Hemingway's appetite for travel and 'Papa's' evocations of the places he knew. Hemingway remains a compelling figure, and Palin's goal was to revisit Hemingway's world. This book includes the American West ('wide lawns and narrow minds'), Idaho, Michigan ('fly fishing, hunting'), Europe in the First World (where Hemingway was

wounded serving in the Ambulance Brigade), Cuba (where Hemingway wrote FOR WHOM THE BELL TOLLS), Paris in the Roaring Twenties and Spain during the Spanish Civil War, Sun Valley and Key West - where the Hemingway lookalike competition is an annual event.

Erebus Michael Palin 2018-10-16 Intrepid voyager, writer and comedian Michael Palin follows the trail of two expeditions made by the Royal Navy's HMS Erebus to opposite ends of the globe, reliving the voyages and investigating the ship itself, lost on the final Franklin expedition and discovered with the help of Inuit knowledge in 2014. The story of a ship begins after the defeat of Napoleon at Waterloo, when Great Britain had more bomb ships than it had enemies. The solid, reinforced hulls of HMS Erebus, and another bomb ship, HMS Terror, made them suitable for discovering what lay at the coldest ends of the earth. In 1839, Erebus

was chosen as the flagship of an expedition to penetrate south to explore Antarctica. Under the leadership of the charismatic James Clark Ross, she and HMS Terror sailed further south than anyone had been before. But Antarctica never captured the national imagination; what the British navy needed now was confirmation of its superiority by making the discovery, once and for all, of a route through the North-West Passage. Chosen to lead the mission was Sir John Franklin, at 59 someone many considered too old for such a hazardous journey. Nevertheless, he and his men confidently sailed away down the Thames in April 1845. Provisioned for three winters in the Arctic, Erebus and Terror and the 129 men of the Franklin expedition were seen heading west by two whalers in late July. No one ever saw them again. Over the years there were many attempts to discover what might have happened--and eventually the first bodies were discovered in shallow graves, confirming that it had been the dreadful fate of the explorers to die of hunger

and scurvy as they abandoned the ships in the ice. For generations, the mystery of what had happened to the ships endured. Then, on September 9th, 2014, came the almost unbelievable news: HMS Erebus had been discovered thirty feet below the Arctic waters, by a Parks Canada exploration ship. Palin looks at the Erebus story through the different motives of the two expeditions, one scientific and successful, the other nationalistic and disastrous. He examines the past by means of the extensive historical record and travels in the present day to those places where there is still an echo of Erebus herself, from the dockyard where she was built, to Tasmania where the Antarctic voyage began and the Falkland Islands, then on to the Canadian Arctic, to get a sense of what the conditions must have been like for the starving, stumbling sailors as they abandoned their ships to the ice. And of course the story has a future. It lies ten metres down in the waters of Nunavut's Queen Maud Gulf, where many secrets wait to be

revealed.

The Golden Age of Railway Posters

2015-05-07 Few sights can reawaken memories of happy holidays of yesteryear as vividly as the superb railway posters that were so much a part of the great age of mass rail travel. Between the 1930s and 1950s – regarded by many as the heyday of advertising graphic art – a huge range of posters appeared, bearing slogans proclaiming the attractions of such resorts as 'Weston-super-Mare – in Smiling Somerset', and presenting a colourful picture of Britain at its best. Through images as diverse as bustling cities, scenes of rural tranquility and majestic mountain landscapes they offer an escapist paradise, where appealingly uncrowded beaches basking in permanent sunshine are just a train journey away. This beautiful collection includes over 80 vintage posters from the 30s, 40s and 50s, with individual poster captions describing the artists and locations depicted. Michael Palin recaptures the spirit of the great days of railway holidays

and train excursions in his entertaining introduction – an era that is both within living memory and yet part of a bygone age.

Travelling to Work Michael Palin 2014-09-11 The third volume of Michael Palin's celebrated diaries. TRAVELLING TO WORK is a roller-coaster ride driven by the Palin hallmarks of curiosity and sense of adventure. Michael was not the BBC's first choice for the travel series AROUND THE WORLD IN 80 DAYS, but after its success, the public naturally wanted more. Palin, however, had other plans. There was his film AMERICAN FRIENDS, a role in Alan Bleasdale's award-winning drama GBH, the staging of his West End play THE WEEKEND, a first novel, HEMINGWAY'S CHAIR, and a lead role in FIERCE CREATURES. He did find time for two more travel series, POLE TO POLE in 1991 and FULL CIRCLE in 1996, and wrote two bestselling books to accompany them. These ten years in different directions offer riches on every page.

Diaries 1969-1979: The Python Years

Michael Palin 2008-11-11 The amazingly insightful, funny and brilliant record of Michael Palin's prime years as a member of the famed comedic group, Monty Python. Michael Palin has kept a diary since newly married in the late 1960s. This volume of his diaries reveals how Python emerged and triumphed, how he, John Cleese, Graham Chapman, the two Terrys---Jones and Gilliam---and Eric Idle came together and changed the face of British comedy. But this is but only part of Palin's story. Here is his growing family, his home in a north London Victorian terrace, which grows as he buys the house next door and then a second at the bottom of the garden; here, too, is his solo effort---as an actor, in *Three Men in a Boat*, his writing endeavours (often in partnership with Terry Jones) that produces *Ripping Yarns* and even a pantomime. Meanwhile Monty Python refuses to go away: the hugely successful movies that follow the TV (his account of the making of both *The Holy Grail* and

the Life of Brian movies are page-turners), the at times extraordinary goings-on of the many powerful personalities who coalesced to form the Python team, the fight to prevent an American TV network from bleeping out the best jokes on U.S. transmission, and much more---all this makes for funny and riveting reading. The birth and childhood of his three children, his father's growing disability, learning to cope as a young man with celebrity, his friendship with George Harrison, and all the trials of a peripatetic life are also essential ingredients of these diaries. A perceptive and funny chronicle, the diaries are a rich portrait of a fascinating period. "A wealth of fascinating stuff about Monty Python." ---The Independent (UK)

Halfway To Hollywood Michael Palin

2009-12-10 Michael Palin's bestselling diaries of the 1980s. After a live performance at the Hollywood Bowl, The Pythons made their last performance together in 1983 in the hugely successful MONTY PYTHON'S MEANING OF LIFE. Writing and acting in films and television then took over much of Michael's life, culminating in the smash hit A FISH CALLED WANDA (for which he won a BAFTA for Best Supporting Actor), and the first of his seven celebrated television journeys for the BBC. He co-produced, wrote and played the lead in THE MISSIONARY opposite Maggie Smith, who also appeared with him in A PRIVATE FUNCTION, written by Alan Bennett. Such was his fame in the US, he was enticed into once again hosting the enormously popular show Saturday Night Live, in one edition of which his mother makes a highly successful surprise guest appearance. He filmed several journeys for television and became chairman of the pressure group, Transport 2000. His family remains a constant as his and Helen's children enter their

Sahara Michael Palin 2010-05-27 Michael Palin's superb No. 1 bestseller about his incredible voyage across the Sahara. Michael Palin's epic voyages have seen him circumnavigate the globe, travel from the North to the South Pole and circle the countries of the Pacific Ocean, but this was perhaps the greatest challenge yet: to

cross the vast and merciless Sahara desert. As the journey unfolds, the Sahara reveals not the emptiness of endless sand dunes, but a huge and diverse range of cultures and landscapes and a long history of commerce and conquest stretching from the time of the ancient Egyptians to the oil-rich Islamic republics of today. On his way, he encounters dangers such as camel stew, being run over by the Paris-Dakar rally and Dakar nightlife, as well as returning to the original spot where THE LIFE OF BRIAN was filmed.

Himalaya Michael Palin 2010-05-27 Michael Palin tackles the full length of the Himalaya in this terrific number one bestseller. Having risen to the challenge of seas, poles, dhows and deserts, the highest mountains in the world were a natural target for Michael Palin. In a journey rarely, if ever, attempted before, in 6 months of hard travelling Palin takes on the full length of the Himalaya including the Khyber Pass, the hidden valleys of the Hindu Kush, ancient cities like Peshawar and Lahore, the mighty peaks of

K2, Annapurna and Everest, the gorges of the Yangtze, the tribal lands of the Indo-Burmese border and the vast Brahmaputra delta in Bangladesh. Facing altitudes as high as 17,500 feet as well as some of the world's deepest gorges, Palin also passed through political flashpoints like Pakistan's remote north-west frontier, terrorist-torn Kashmir and the mountains of Nagaland, only recently open to visitors. New Europe Michael Palin 2010-05-27 No. 1 bestseller and superstar doing what he does best, introducing millions of avid readers to little-known peoples and places. Until the early 1990s, when the Berlin Wall came tumbling down, travelling behind the iron curtain was never easy. In undertaking his new journey through Eastern Europe, breathing in its rich history, and exquisite sights and talking to its diverse peoples, Michael fills what has been a void in his own experience and that of very many others. NEW EUROPE is very much a voyage of discovery, from the snows of the Julian Alps to

the beauty of the Baltic sea, he finds himself in countries he'd barely heard of, many unfamiliar and mysterious, all with tragic histories and much brighter futures. During his 20-country adventure Palin meets Romanian lumberjacks, drives the 8.58 stopping train from Poznan to Wolsztyn, treads the catwalk at a Budapest fashion show, learns about mine-clearing in Bosnia and watches Turkish gents wrestling in olive oil. As with all his bestselling books, in his uniquely entertaining style, Palin opens up a new and undiscovered world to millions of readers. [North Korea Journal](#) Michael Palin 2019-09-19 THE BOOK BEHIND THE HIT DOCUMENTARY A glimpse of life inside the world's most secretive country, as told by Britain's best-loved travel writer. In May 2018, former Monty Python stalwart and intrepid globetrotter Michael Palin spent two weeks in the notoriously secretive Democratic People's Republic of Korea, a cut-off land without internet or phone signal, where the countryside has barely moved beyond a

centuries-old peasant economy but where the cities have gleaming skyscrapers and luxurious underground train stations. His resulting documentary for Channel 5 was widely acclaimed. Now he shares his day-by-day diary of his visit, in which he describes not only what he saw – and his fleeting views of what the authorities didn't want him to see – but recounts the conversations he had with the country's inhabitants, talks candidly about his encounters with officialdom, and records his musings about a land wholly unlike any other he has ever visited – one that inspires fascination and fear in equal measure. Written with Palin's trademark warmth and wit, and illustrated with beautiful colour photographs throughout, the journal offers a rare insight into the North Korea behind the headlines.

[Pole To Pole](#) Michael Palin 2010-05-27 No.1 bestseller Michael Palin's epic journey from the North Pole to the South Pole. 'The cracked and fissured ice-pack offers no comfortable

reassurance - no glimmer of any reward to the traveller who has made his way to the top of the world. The Arctic Ocean, known to the Victorians as the Sea of Ancient Ice, stares balefully back as we descend towards it, reflecting nothing but the question: Why?' Michael Palin's adventure begins when he is enrolled in the Royal and Ancient Polar Bear Society... Travelling by train, truck, raft, Ski-Doo, barge, balloon and bicycle, Michael Palin experiences every extreme the world has to offer. Braving the cold grip of the Arctic Circle, and the swirling snowstorms of Spitsbergen, Palin has to cope with friendly locals, occasional gunfire and his own unruly digestive system before he can finally stand in Scott's shoes at the South Pole, in the Land of the Midnight Sun.

Brazil Michael Palin 2012-10-11 Michael Palin, the No.1 bestselling author, explores an exotic country that is now a global superpower. Brazil is one of the four new global super powers with its vast natural resources and burgeoning industries. Half a continent in size and a potent mix of races,

religions and cultures, of unexplored wildernesses and bustling modern cities, it is also one of the few countries Michael Palin has never fully travelled. His timely book and series take a closer look at a remarkable new force on the world scene. From the Venezuelan border and the forests of the Lost World, where he encounters the Yanomami tribe and their ongoing territorial war with the gold miners, Michael Palin explores this vast and disparate nation in his inimitable way. He journeys into the heart of the Amazon rainforest. He travels down the north-east coast to meet the descendants of African slaves with their vibrant culture of rituals, festivals and music. He visits the shanty towns of Rio and the beaches of Copacabana and Ipanema. He goes to Sao Paulo, where the rich commute by helicopter. He travels south to meet German and Japanese communities, meets supermodels in the making and wealthy gauchos in the Pantanal before ending his journey at the spectacular Iguaçu Falls.

The Complete Michael Palin Diaries Michael Palin 2015-12-10 Volume I: THE PYTHON YEARS (1969-1979) Michael Palin's diaries begin when he was newly married and struggling to make a name for himself in the world of television comedy. But Monty Python was just around the corner . . . Enjoying an unlikely cult status early on, the Pythons then proceeded to tour the USA and Canada. As their popularity grew, so Palin relates how the group went their separate ways, later to re-form for stage shows and the celebrated films THE HOLY GRAIL and LIFE OF BRIAN. Living through the three-day week and the miners strike, and all the trials of a peripatetic life are also essential ingredients of these perceptive and funny diaries. Volume II: HALFWAY TO HOLLYWOOD (1980-1988) After a live performance at the Hollywood Bowl, The Pythons made their last performance together in 1983 in the hugely successful MONTY PYTHON'S MEANING OF LIFE. Around The World In Eighty Days Michael Palin 2010-05-27 'The pace of this kind of travel has not much changed since Fogg set out in 1872. Trains may be a little faster, but there are certainly no high-speed rail links yet across India, China or the USA. Passenger services have practically disappeared from the world's shipping lanes ... Recourse to air travel, even as a convenient means of escape, was not allowed.' Following the route taken by Phileas Fogg 115 years earlier, Michael Palin set out from the Reform Club to circumnavigate the world. The

rules were simple, but nothing else about the trip was straightforward... From a tour of Venice on a rubbish barge to ship spotting at the Suez Canal and the bicycle rush hour and snake snacks in China, this is an unparalleled tribute to man's ability to make life difficult for himself.

Full Circle 1997 The third of Michael Palin's travel adventures for BBC Television covered 50,000 miles and all of the 18 countries that border the Pacific Ocean. Basil Rao's photographs bear witness to the wide diversity of landscape, culture and people encountered on the journey. *Dark Star Safari* Paul Theroux 2011-11-24 *Dark Star Safari* is Paul Theroux's now classic account of a journey from Cairo to Cape Town. Travelling across bush and desert, down rivers and across lakes, and through country after country, Theroux visits some of the most beautiful landscapes on earth, and some of the most dangerous. It is a journey of discovery and of rediscovery -- of the unknown and the unexpected, but also of people and places he knew as a young and optimistic teacher forty years before. Safari in Swahili simply means "journey", and this is the ultimate safari. It is Theroux in his element -- a trip where chance

encounter is everything, where departure and arrival times are an irrelevance, and where contentment can be found balancing on the top of a truck in the middle of nowhere. Praise for Paul Theroux: 'Theroux's work remains the standard by which other travel writing must be judged' Observer 'One needs energy to keep up with the extraordinary, productive restlessness of Paul Theroux ... [He is] the most gifted, most prodigal writer of his generation' Jonathan Raban 'Always a terrific teller of tales and conjurer of exotic locales, he writes lean prose that lopes along at a compelling pace' Sunday Times Paul Theroux's books include *Dark Star Safari*, *Ghost Train to the Eastern Star*, *Riding the Iron Rooster*, *The Great Railway Bazaar*, *The Elephanta Suite*, *A Dead Hand*, *The Tao of Travel* and *The Lower River*. *The Mosquito Coast* and *Dr Slaughter* have both been made into successful films. Paul Theroux divides his time between Cape Cod and the Hawaiian islands.

Nordic Societal Security Sebastian Larsson

2020-07-27 This book compares and contrasts publicly espoused security concepts in the Nordic region, and explores the notion of societal security. Outside observers often assume that Nordic countries take similar approaches to the security and safety of their citizens. This book challenges that assumption and traces the evolution of 'societal security', and its broadly equivalent concepts, in Sweden, Norway, Denmark and Finland. The notion of societal security is deconstructed and analysed in terms of its different meanings and implications for each country, through both country- and issue-focused studies. Each chapter traces the evolution of key security concepts and related practices, allowing for a comparison of similarities and differences between these four countries. Using discourses and practices as evidence, this is the first book to explore how different Nordic nations have conceptualised domestic security over time. The findings will be valuable to scholars from across the geographical

and theoretical spectrum, while highlighting how Nordic security discourses and practices may deviate from traditional assumptions about Nordic values. This book will be of much interest to students of security studies, Nordic politics and International Relations.

Monty Python at Work Michael Palin 2014 Drawn from his published diaries, this is Michael Palin's account of the making of the Monty Python TV and stage shows, films, books and albums. *Monty Python at Work* opens on 8th July 1969 with Michael Palin's diary entry for the first day of filming on the very first episode of Monty Python's Flying Circus. The diary entries that follow – up until the opening of their final feature film, *The Meaning of Life*, in 1983 – chart the tumultuous story of how the now famous shows and films were conceived and brought to life. Palin records the evolution of Monty Python's comic style, the moments of creative inspiration as well as discord, the persistent self-doubt, and the happy accidents that shaped what are now

classic comedy moments. He captures too the group's many anarchic exploits (John Cleese in a bikini; driving a Budget Rent-a-Van up Glencoe in full chainmail; filming 'Scott of the Sahara' on the beach at Torquay...), as well as their battles with BBC suits, budget-conscious film producers and self-appointed censors. Thanks to Palin's as-it-happened accounts, we are taken behind the scenes to watch with unrivalled intimacy the creative processes that led to the finished work, seeing how it was actually put together. By distilling everything about the Pythons at work, this edition of Palin's diaries serves as an intimate guide to the legendary shows, films, books and albums. It will delight Python fans everywhere, and be a source of instruction and inspiration to those who seek to follow in their footsteps. 'No writer-performer has combined professional hilarity and personal sanity more successfully than Michael Palin. Anyone interested in how comedy happens should hang on his every word.' David Mitchell Blog entry:

Michael Palin on what writer-performers can learn from the book, plus extracts from the early days of Python: 'If this account of the hoops we went through to turn that spirit into reality is instructive and inspirational today then I think it will indeed have proved itself to be some sort of educational tool, albeit in a very silly syllabus.'
