*Letters from the Lighthouse*
Emma Carroll 2017-05-30
We weren't supposed to be going to the pictures that night. We weren't even meant to be outside, not in a blackout, and definitely not when German bombs had been falling on London all month like pennies from a jar. February, 1941. After months of bombing raids in London, twelve-year-old Olive Bradshaw and her little brother Cliff are evacuated to the Devon coast. The only person with two spare beds is Mr Ephraim, the local lighthouse keeper. But he's not used to company and he certainly doesn't want any evacuees. Desperate to be helpful, Olive becomes his post-girl, carrying secret messages (as she likes to think of the letters) to the villagers. But Olive has a secret of her own. Her older sister Sukie went missing in an air raid, and she's desperate to discover what happened to her. And when a sneaky peek at a letter reveals a clue, she knows she'll have to break all the rules to find her.

**Charlotte's Web**
E. B. White 1952-10-15
Sixty years ago, on October 15, 1952, E.B. White's Charlotte's Web was published. It's gone on to become one of the most beloved children's books of all time. To celebrate this milestone, the renowned Newbery Medalist Kate DiCamillo has written a heartfelt and poignant tribute to the book that is itself a beautiful translation of White's own view of the world—of the joy he took in the change of seasons, in farm life, in the miracles of life and death, and, in short, the glory of everything. We are proud to include Kate DiCamillo's foreword in the 60th anniversary editions of this cherished classic. Charlotte's Web is the story of a little girl named Fern who loved a little pig named Wilbur—and of Wilbur's dear friend Charlotte A. Cavatica, a beautiful large grey spider who lived with Wilbur in the barn. With the help of Templeton, the rat who never did anything for anybody unless there was something in it for him, and by a wonderfully clever plan of her own, Charlotte saved the life of Wilbur, who by this time had grown up to quite a pig. How all this comes about is Mr. White's story. It is a story of the magic of childhood on the farm. The thousands of children who loved Stuart Little, the heroic little city mouse, will be entranced with Charlotte the spider, Wilbur the pig, and Fern, the little girl who understood their language. The forty-seven black-and-white drawings by Garth Williams have all the wonderful detail and warmhearted appeal that children love in his work. Incomparably matched to E.B. White's marvelous story, they speak to each new generation, softly and irresistibly.

Onjali Q. Rauf 2019-08-06
Told with humor and heart, The Boy at the Back of the Class offers a child's perspective on the refugee crisis, highlighting the importance of friendship and kindness in a world that doesn't always make sense. There used to be an empty chair at the back of Mrs. Khan's classroom, but on the third Tuesday of the school year a new kid fills it: nine-year-old Ahmet, a Syrian refugee. The whole class is curious about this new boy--he doesn't seem to smile, and he doesn't talk much. But after learning that Ahmet fled a Very Real War and was separated from his family along the way, a determined group of his classmates bands together to concoct the Greatest Idea in the World--a magnificent plan to reunite Ahmet with his loved ones. **Guiding Readers - Layers of Meaning**
Wayne Tennent 2016-08-16
How can teachers foster good reading in pupils aged 7 - 11? This book explains the way to do it. \* What is this book about? Reading comprehension is so much more than just reading words, and this book explains how to develop all aspects of it for pupils aged 7-11. Written by top experts in the field, it includes eleven in-depth case studies - taken from real-life classrooms - of lessons on fiction and non-fiction, poetry and picture books, advertising and film. \* Why is it needed? Guided reading, widely used in English lessons, has never been satisfactorily examined for children in this age range. Once they have learned how to read, pupils need support to develop strategies to extend their comprehension: What does the text say? What does it mean? What do I feel about it? \* What is special about guiding readers? We can guide readers whenever we open discussions by exploring their understanding rather than telling them. This book shows teachers how it can be done with real classroom examples. \* Who is it for? All teachers of children aged 7-11, English subject leaders, literacy coordinators, student teachers, teacher-educators, librarians, tutors, reading specialists.

*The Tabernacle, Temple, and Sanctuary: The Book of Numbers*
Dennis Herman 2016-02-05
This is the forth book in this series that began with an in-depth look at how God views details, communicates with this world, and decides what process to use. Of course this series of books looked at aspects recorded in scripture about the Tabernacle. How the materials were collected, specific design details, who did the work, and how the Tabernacle was constructed. Much of that information is found in dozens, maybe hundreds of other books about the Tabernacle. But there are details setting this book apart from every other book written about the Tabernacle. This book takes a verse by verse, story by story, chapter by chapter look at the Tabernacle. In other words, this book presents a picture of the Tabernacle from God's point of view. Which the beginning of this series pointed out, is much different than any human perspective.

**Happy As a Rat in a Trash Can**
Don Pasco 2013-05-03
On a scale of 1 to 10, with 1 being not happy at all and 10 being very, very happy, how happy would you say you are right now, BEFORE reading this book? Now remember that number. Inside "Happy As a Rat In a Trash Can" Don challenges the reader to raise that number just as a student would be challenged to raise up school grades. Don says this book is about YOU! It is about you becoming a little more faithful a little more grateful a little more understanding a little more forgiving a little more thoughtful a little more caring and a lot more loving Why? Because these are the things that beget happiness. In early 2008 Don's Mom went to be with the Lord. She was a person just like your Mom... very loving and invariably, always in your corner. Her Christian values were instilled in him and are presented to the readers throughout this book. Don presents his points with a sense of humor (as reflected in the title) but never does he joke about the seriousness of becoming a happier person. He'll explain why faith is necessary and how the Law of sowing and reaping is creating the world YOU live in. He'll give you a simple question to ask yourself whenever confronted with the tough choices that life brings to all of us. This book's objective is to raise your level of happiness even if you are already a happy person. Don't be surprised if those around you start to wonder what got into you! This book can be your little secret happiness project. You'll learn how and why we all need to pay more attention to others and why that will result in a better future for yourself. (see Chapter 5 - Lessons from "Groundhog Day") Being Happy is the Result of Sowing Good Seeds. If you're NOT happy, you need to read this book. Here are some great ideas that you can begin to implement immediately. Buy this book NOW! ~ You'll be Glad "HAPPY" You Did! ----- What others are saying about this book: "It takes us a lifetime to learn the lessons in this book. The author seems to have mastered them, and we would do well to learn from him. Buy this book." Helen C. Page (San Francisco) \*\*\*\*\* "Don't let the somewhat comic tone of the title and the cover make you think that this book isn't written in all seriousness. ...it provides what can only be called wisdom ...one of this year's must-read books."
