Whispers and Lies Joy Fielding 2012-04-17 A suspenseful tale of a woman who rents out the small cottage behind her house to a mysterious young stranger, Joy Fielding’s latest novel is about trusting and not trusting one’s instincts. A New York Times best-selling author, Fielding has a well-deserved reputation as a writer who knows how to get the reader hooked. From the first page, you can’t put it down. In the same way, Terry Painter is hooked from the very first meeting with her prospective new tenant. Forty and single, Terry has a quiet and ordered life in picturesque Delray, Florida. A nurse at Mission Care private hospital for the elderly and disabled, loved by her patients for her kindness and thoughtfulness, she lives alone in the comfortable house she inherited from her mother five years ago, and rents out the cottage behind it. Alison Simms spots the rental notice posted in the hospital, and blows into Terry’s life like a tropical storm. In her twenties, tall and slim, full of open charm and infectiously enthusiastic, Alison is impossible not to like. “It would be nice having someone around who made me laugh,” thinks Terry. Alison loves the cottage, right down to the colour combination, and moves in immediately. Terry, usually responsible and pragmatic, surprises herself for failing even to ask for references, but she is drawn instinctively to Alison, and realises she wants her to stay. Alison fills a gap in her life, bringing friendship and warmth. With her sweet tooth and ravenous appetite, the young woman gratefully devours Terry’s home cooking and buys her generous gifts. She even gives her a makeover and a flattering new haircut, helping Terry charm the handsome son of one of her dear, ailing patients. Alison, full of life, brightens the days that are usually spent caring for the old and the sick. Despite the difference in their ages, the two women are compatible together; it feels like they’ve been friends forever. Yet almost simultaneously, Terry begins to have suspicions about Alison. How much does she know about her, really? Alison has some strange habits and stranger friends. She has a limitless supply of cash in her purse, and knows the house so well it’s as if she’s been in it before. Her reasons for coming to Delray don’t quite add up, and she won’t talk about her parents: “We weren’t on the best of terms.” Moreover, Terry notices a shadowy figure lurking around her house, and starts to receive disturbing phone calls. Snippets of overheard conversation, surreptitious glances in Alison’s diary, and her mother’s nagging voice in her head make Terry paranoid that her tenant may want to do her harm. Should Terry have been more suspicious, or at least wary, especially after the experience with her last tenant? And yet, as Alison says of the neighbour’s pet dogs, “How could anything that sweet be destructive?” And who is hiding more, Alison -- or Terry? Diving deeply into the psyches of her most captivating characters to date, Joy Fielding has created a riveting tale that challenges our most basic assumptions regarding love, friendship, and obsession. It leaves the reader guessing at where the truth really lies until the final shocking twist that Publishers Weekly has called “an ending worthy of Hitchcock”. Fielding delivers an intelligent, tight plot full of psychological complexity, without sacrificing the simple prose and page-turning suspense she is known for around the world.

As a special investigator for a hotshot Miami law firm, Bailey Carpenter is smart, savvy, and fearless. When she’s assigned to spy on a deadbeat dad in the middle of the night, Bailey thinks nothing of the potential dangers, only that she needs to gather evidence. Then she is blindsided—attacked and nearly killed. Now the firm grip Bailey once had on her life is shaken. Her nightmares merge into her waking hours and she’s unable to venture beyond her front door without panicking. A veritable prisoner in her own home, Bailey is uncertain whom she can trust. But old habits die hard, and soon Bailey finds a new use for her idle binoculars: casually observing from her window neighboring buildings and other people’s lives. This seemingly harmless diversion becomes a guilty pleasure when Bailey fixates on the handsome guy across the street—until she realizes that he is also watching her. Suddenly she must confront the terrifying possibility that he may be the man who shattered her life. Though crippled by fear, Bailey knows she can’t ignore her suspicions and risk leaving a predator at large. With the police making no headway in solving her case, she’s determined to overcome her terror and reclaim the power she lost by unmasking her attacker and taking him down herself. But it’s a harrowing battle that threatens to wreck Bailey’s credibility, compromise an investigation, and maybe even claim her sanity. Praise for Someone Is Watching “Someone Is Watching gripped me from the first to the very last page. Bailey Carpenter is a heroine who’s both victim and warrior woman, a fascinating sleuth who will linger with you long after you’ve finished this thrilling read.”—Tess Gerritsen “Joy Fielding has long been a go-to author for me. She never fails to deliver an edge-of-your-seat read, and with her patented blend of complex characters and escalating suspense she is in top form here. I highly recommend Someone Is Watching.”—Karen Robards “Joy Fielding pens a spiraling tale of paranoia and suspense, as sultry as a Miami night. Readers will find a heroine to root for, scold, and ultimately adore in Bailey Carpenter. Though comparisons to Rear Window will inevitably arise, Fielding has created something even more remarkable: a modern-day Gaslight in which both cat and mouse are real, flawed, and eminently relatable.”—Jenny Milchman “Someone Is Watching is a gripping, fast-paced psychological thriller reminiscent of Rear Window and the works of Lisa Gardner. . . . Not geared to the faint of heart, Fielding’s story of one woman’s search for justice, understanding, and internal peace is nothing short of arresting.”—Booklist (starred review) “This engrossing standalone from bestseller Fielding makes you care about Bailey Carpenter. . . . The characters pulsate with life, and there are a few shocks in store—for Bailey and the reader—before the denouement. And the presence of Jade, Claire’s outspoken teen daughter, blows everyone else off the page.”—Publishers Weekly (starred review) “A pageturning ride with a likable protagonist.”—Kirkus Reviews

But that was before someone abducted and murdered a runaway teenage girl...and before the disappearance of popular and pretty Liana Martin. The pattern is chilling to Sandy Crosbie, the town’s new high school English teacher. With a marriage on the rocks, thanks to her husband’s online affairs, and a beautiful teenage daughter to protect, Sandy wishes she’d never come to the seemingly quiet town with shocking depths of scandal, sex, and brutality roiling beneath its surface. And as Sheriff Weber digs up more questions than answers in a dead-end investigation, one truth emerges: the prettiest ones are being targeted, the heartstoppers. And this killer intends to give them their due.... Alternating between the chilling journal entries of a cold-blooded murderer and the sizzling scandals of small-town life, *Heartstopper* is Joy Fielding’s most exciting novel of suspense yet.
