The Methuen Drama Book of Post-Black Plays Eisa Davis 2012-12-20 "Post-black" refers to an emerging trend within black arts to find new and multiple expressions of blackness, unburdened by the social and cultural expectations of the past and moving beyond the conventional binary of black and white. Reflecting this multiplicity of perspectives, the plays in this collection explode the traditional ways of representing black families on the American stage, and create new means to consider the interplay of race, with questions of class, gender, and sexuality. They engage and critique current definitions of black and African-American identity, as well as previous limitations placed on what constitutes blackness and black theatre. Written by the emerging stars of American theatre such as Eisa Davis and Marcus Gardley, the plays explore themes as varied as family and individuality, alienation and gentrification, and reconciliation and belonging. They demonstrate a wide-range of formal and structural innovations for the American theatre, and reflect the important ways in which contemporary playwrights are expanding the American dramatic canon with new and diverse means of representation. Edited by two leading US scholars in black drama, Harry J. Elam Jr (Stanford) and Douglas A. Jones Jr (Princeton), this cutting edge anthology gathers together some of the most exciting new American plays, selected by a rigorous academic backbone and explored in depth by supporting critical material.

Where I'm from Steven Borsman 2011 "In the Fall of 2010 I gave an assignment in my Appalachian Literature class at Berea College, telling my students to write their own version of "Where I'm From" poem based on the writing prompt and poem by George Ella Lyon, one of the preeminent Appalachian poets. I was so impressed by the results of the assignment that I felt the poems needed to be preserved in a bound document. Thus, this little book. These students completely captured the complexities of this region and their poems contain all the joys and sorrows of living in Appalachia. I am proud that they were my students and I am very proud that together we produced this record of contemporary Appalachian Life" -- Silas House

Strangers in Their Own Land Arlie Russell Hochschild 2016-09-06 In *Strangers in Their Own Land*, the renowned sociologist Arlie Hochschild embarks on a thought-provoking journey from her liberal hometown of Berkeley, California, deep into Louisiana bayou country—a stronghold of the conservative right. As she gets to know people who strongly oppose many of the ideas she famously champions, Hochschild nevertheless finds common ground and quickly warms to the people she meets—among them a Tea Party activist whose town has been swallowed by a sinkhole caused by a drilling accident—people whose concerns are actually ones that all Americans share: the desire for community, the embrace of family, and hopes for their children. *Strangers in Their Own Land* goes beyond the commonplace liberal idea that these are people who have been duped into voting against their own interests. Instead, Hochschild finds lives ripped apart by stagnant wages, a loss of home, an elusive American dream—and political choices and views that make sense in the context of their lives. Hochschild draws on her expert knowledge of the sociology of emotion to help us understand what it feels like to live in "red" America. Along the way she finds answers to one of the crucial questions of contemporary American politics: why do the people who would seem to benefit most from "liberal" government intervention abhor the very idea?

Deal: My Three Decades of Drumming, Dreams, and Drugs with the Grateful Dead Bill Kreutzmann 2015-05-05 The Grateful Dead are perhaps the most legendary American rock band of all time. For thirty years, beginning in the hippie scene of San Francisco in 1965, they were a musical institution, the original jam band that broke new ground in so many ways. From the music to their live concert sound systems and fan recordings, they were forward-thinking champions of artistic control and outlaw artists who marched to the beat of their own drums. In Deal, Bill Kreutzmann, one of their founding members and drummer for every one of their over 2,300 concerts has written an unflinching and wild account of playing in the greatest improvisational band of all time. Everything a rock music fan would expect is here, but what sets this apart is Bill’s incredible life of adventure that was at the heart of the Grateful Dead experience. This was a band that knew no limits and Bill lived life to the fullest, pushing the boundaries of drugs, drums and high times, through devastating tragedy and remarkable triumph. But at this book’s beating heart is the music—theirs and others. Some of the greatest musicians and concerts were a part of the Grateful Dead’s career, from sharing the stage with Javis Joplin, Bob Dylan, and The Who, to playing in the Acid Tests, The Monterey Pop Festival, Woodstock and Altamont. Bill’s life is a chronicle of American music and pop culture history and his epic personal journey is one of sonic discovery and thrilling experiences.
