**Notes from a Small Island** Bill Bryson 2015 In 1995, before leaving his much-loved home in

North Yorkshire to move back to the States for a few years with his family, Bill Bryson insisted on taking one last trip around Britain, a sort of valedictory tour of the green and kindly island that had so long been his home. His aim was to take stock of the nation's public face and private parts (as it were), and to analyse what precisely it was he loved so much about a country that had produced Marmite; a military hero whose dying wish was to be kissed by a fellow named Hardy; place names like Farleigh Wallop, Titsey and Shellow Bowells; people who said 'Mustn't grumble', and 'Ooh lovely' at the sight of a cup of tea and a plate of biscuits; and Gardeners' Question Time. Notes from a Small Island was a huge number-one bestseller when it was first published, and has become the nation's most loved book about Britain, going on to sell over two million copies.

**Tide Tables, United States and Foreign Ports** 1907 Vol. for 1922 includes Data on currents.

Bristol Andrew Foyle 2004-01-01 "This comprehensive guide covers the architectural riches of England's historic second port, with lively, up-to-date accounts of every significant building. Bristol's medieval heritage includes a cathedral, many churches, and timber-framed houses large and small. Fine civic buildings and spectacular hilltop suburbs represent its Georgian heyday, and Brunel's Clifton Suspension Bridge and Great Western Railway station head the list of Victorian monuments. Detailed walks explore the outer areas and excursions to nearby attractions, and a scholarly narrative introduction. Colour photographs and extensive maps and plans make the book easy to use, both for reference and as a visitor's companion"--Jacket.
