The Anchoress Robyn Cadwallader 2015-02-03 England, 1255: Sarah is only seventeen when she chooses to become an anchoress, a holy woman shut away in a small cell, measuring seven paces by nine, at the side of the village church. Fleeing the grief of losing a much-loved sister in childbirth and the pressure to marry, she decides to renounce the world, with all its dangers, desires and temptations, and to commit herself to a life of prayer and service to God. But as she slowly begins to understand, even the thick, unforgiving walls of her cell cannot keep the outside world away, and it is soon clear that Sarah's body and soul are still in great danger... Robyn Cadwallader's powerful debut novel tells an absorbing story of faith, desire, shame, fear and the very human need for connection and touch. With a poetic intelligence, Cadwallader explores the relationship between the mind, body and spirit in Medieval England in a story that will hold the reader in a spell until the very last page.

Human Enhancement Technologies and Our Merger with Machines Woodrow Barfield 2021-06-15 A cross-disciplinary approach is offered to consider the challenge of emerging technologies designed to enhance human bodies and minds. Perspectives from philosophy, ethics, law, and policy are applied to a wide variety of enhancements, including integration of technology within human bodies, as well as genetic, biological, and pharmacological modifications. Humans may be permanently or temporarily enhanced with artificial parts by manipulating (or reprogramming) human DNA and through other enhancement techniques (and combinations thereof). We are on the cusp of significantly modifying (and perhaps improving) the human ecosystem. This evolution necessitates a continuing effort to re-evaluate current laws and, if appropriate, to modify such laws or develop new laws that address enhancement technology. A legal, ethical, and policy response to current and future human enhancements should strive to protect the rights of all involved and to recognize the responsibilities of humans to other conscious and living beings, regardless of what they look like or what abilities they have (or lack). A potential ethical approach is outlined in which rights and responsibilities should be respected even if enhanced humans are perceived by non-enhanced (or less-enhanced) humans as "no longer human" at all.

Mutated Joe McKinney 2011-10-24 They Outnumber The Living. . . 25 to 1. Those are the odds of being struck down--and resurrected--by the savage plague that's sweeping the country, forcing survivors to band together against the dead. They're Growing Stronger. . . Even among the living, there is dissent. A new leader known as the Red Man has risen up and taken charge--and he's nearly as dangerous as the hungry dead. Some, like Bob Richardson and his friends, strike out on their own. Because if the men with guns don't get them, the zombies will. They're Getting Smarter. . . Fleeing the cities, Richardson and his crew find sanctuary in an abandoned farm. But their stronghold may not be strong enough. Something strange and terrifying is happening to the undead. They're banding together. Working as a group. Hungering for a common goal: human flesh. And lots of it. A Man's Gotta Eat What a Man's Gotta Eat Dana Fredsti 2013-10-31 Chuck T-Bone is a private detective—A P.I. A gumshoe. A dick. He also happens to be a zombie, in a world where the zombies have taken over, and “fresh meat” is a rare commodity. Where you go into a diner to order an elbow joint with a side of toes. But nothing's really changed—the rich get richer, the poor get poorer, at least until they fall apart altogether. When a curvaceous member of a famous crime family walks into his office, he's forced to reopen a case he'd just as soon forget. It's the one that introduced him to the dame who stole his heart—and got him killed. Trouble is, if it happens again, this time it's for good. “Fredsti's humor, her dark, dark humor, is on fine display in this zombie noir novella featuring a private detective with a healthy appetite for revenge. There were times I nearly split my sides with laughter, and others I just sat there shaking my head in stunned appreciation for Fredsti's storytelling talents. Sometimes I found myself doing both at the same time. This is a writer who knows her craft. Read this and tell me you don't agree. I dare you!” —Joe McKinney, Bram Stoker Award-winning author of *The Savage Dead* and *Dead City*

A New World: Chaos John O'Brien 2011-04-10 There is no sanctuary. That was taken away in the blink of an eye. Humanity went out not with a whimper, but a bang. Jack, a sometimes humorous, sometimes philosophical ex-special operations pilot and soldier is one of the few left to struggle through the desolation left in the aftermath; seeking to survive as a new ferocious species emerges from the rubble, hungry and unrelenting. Will his special forces training be enough? Will he be able to keep his children safe and guide the few survivors through perils that now roam the world they once knew? Or will the hordes that now own the night prevail, forever removing the last of mankind from existence? Humankind was once at the top of the food chain. But that has now changed. This hard-hitting, action-packed series begins with Jack Walker being suddenly thrust into a world where the infrastructure which cherished Armani suits, night clubs, fast and expensive cars and watching the daily stock market are gone. Left in its place is the material world mankind built but a majority of the population has vanished; replaced by a new, savage, unrelenting, cunning, animalistic species which hunts and operates at night.

Book of Colours Robyn Cadwallader 2018-05-01 From Robyn Cadwallader, author of the internationally acclaimed novel *The anchoress*, comes a deeply profound and moving novel of the importance of creativity and the power of connection, told through the story of the commissioning of a gorgeously decorated medieval manuscript, a Book of Hours. London, 1321: In a small shop in Paternoster Row, three people are drawn together around the creation of a magnificent book, an illuminated manuscript of prayers, a book of hours. Even though the commission seems to answer the aspirations of each one of them, their own desires and ambitions threaten its completion. As each struggles to see the book come into being, it will change everything they have understood about their place in the world. In many ways, this is a story about power - it is also a novel about the place of women in the roiling and turbulent world of the early fourteenth century; what power they have, how they wield it, and just how temporary and conditional it is. Rich, deep, sensuous and full of life, *Book of Colours* is also, most movingly, a profoundly beautiful story about creativity and connection, and our instinctive need to understand our world and communicate with others through the pages of a book. 'Robyn Cadwallader fashions words with the same delicate, colourful intensity that her 14th century illuminators brought to their illustrated manuscripts. *Book of Colours* brings alive a harsh but rich past, filled with the fantasies, fears, sly wit and tender longings of the medieval imagination.' Sarah Dunant 'Book of Colours shows the depth of possibility a book might hold - all the while shimmering with the beauty and fragility of an ancient gilded page.' Eleanor Limprecht 'Extraordinary ... a real sensory experience ... suffused with colours' ABC Radio National *The Bookshelf Praise for The Anchoress: 'So beautiful, so rich, so strange, unexpected*

and thoughtful - also suspenseful. I loved this book.' Elizabeth Gilbert, author of Eat, Pray, Love 'Affecting ... finely drawn ... a considerable achievement.' Sarah Dunant, New York Times 'Elegant and eloquent' Irish Mail 'Cadwallader's writing evokes a heightened attention to the senses: you might never read a novel so sensuous yet unconcerned with romantic love. For this alone it is worth seeking out. But also because The anchoress achieves what every historical novel attempts: reimagining the past while opening a new window - like a squint, perhaps - to our present lives.' Sydney Morning Herald 'A novel of page-turning grace' Newtown Review of Books

Transfigurations Asbjørn Grønstad 2008 In many senses, viewers have cut their teeth on the violence in American cinema: from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes; to the 1970s masterpieces of Martin Scorsese, Sam Peckinpah and Francis Ford Coppola; to our present-day undertakings in imagining global annihilations through terrorism, war, and alien grudges. *Transfigurations* brings our cultural obsession with film violence into a renewed dialogue with contemporary theory. Grønstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically; *Transfigurations* thus alters both our methodology of reading violence in films and the meanings we assign to them, depicting violence not as a self-contained incident, but as a convoluted network of our own cultural ideologies and beliefs.

Love, Theodosia Lori Anne Goldstein 2021-11-02 A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. *Love, Theodosia* is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

My Swordhand is Singing Marcus Sedgwick 2010-07-15 An original interpretation of the timelessly fascinating vampire myth, and a story of father and son, by award-winning author Marcus Sedgwick. Winner of the Booktrust Teenage Prize and shortlisted for the Carnegie Medal. In the bitter cold of an unrelenting winter, Tomas and his son, Peter, arrive in Chust. Despite the villagers' lack of hospitality, they settle there as woodcutters. But there are many

things Peter does not understand. Why does Tomas dig a channel of fast-flowing waters around their hut so they live on an isolated island? Why does Tomas carry a long battered box everywhere they go - and refuse to tell Peter of its contents? When a band of gypsies comes to the village, Peter's drab existence is turned upside down. He is infatuated by the beautiful gypsy princess, Sofia, and intoxicated by her community's love of life. He even becomes drawn into their deadly quest - for these travellers are Vampire Slayers, and Chust is a community to which the dead return to wreak revenge on the living. Stylishly written and set in the forbidding and remote landscapes of the 17th century, this is a story of a father and his son, of loss, redemption and resolution.

And there's nothing wrong with my skills.' Police officer Joe Ledger, martial arts expert, ex-army, self-confessed brutal warrior is scared. The man he's just killed is the same man he killed a week ago. He never expected to see the man again, definitely not alive, and definitely not as part of the recruitment process for the hyper-secret government agency the Department for Military Sciences. But the DMS are scared too: they have word of a terrorist plot straight from a nightmare - a bid to spread a plague through America - a plague that kills its victims and turns them into zombies. Time is running out and Joe has shown he has the abilities they need to lead one of their field teams. And so begins a desperate three-part mission - to contain the zombie outbreaks, to break the terrorist cell responsible and to find the man in their own team who is selling them out to the terrorists. *Patient Zero* is astonishingly fast moving, incredibly violent and down-right terrifying thriller - a new breed of thriller of techno-thriller that plays on our fears of mad science.
